Illustration on front cover shows reproduction by Troupe, photographer, of Meeting and Town House on the Plain that stood near the northwest corner of Colburn Park, built in 1792.

August 10, 1792 this land known as the Common or Green and including North, South and West Park Streets, was leased to the Town of Lebanon by Robert Colburn for a consideration of ten pounds, to be occupied by the inhabitants of Lebanon for the purpose of a Meeting House and Training Field, containing 4.53 acres.

June 27, 1849 John W. Colburn, heir of Robert, for a consideration of one hundred dollars, quit claimed to the Town of Lebanon all his rights, title and interest in this same land, thus releasing all restrictions and giving to the Town of Lebanon full title.

August 27, 1850, obligation made with the Town of Lebanon to move the Meeting House to the site of the present Town Hall, which was accomplished by Dec. 1, 1850, the expense of moving was raised by public subscription and amounted to \$541.29.

Later this building was raised and repaired and used as the Town Hall and Court Room until destroyed by fire Feb. 2, 1923, and replaced by the present Town Hall, dedicated Oct. 29, 1924.

Highways leading through the Common were discontinued in 1866 when the Colburn Park fence was built enclosing 2.1 acres.

Board of Auditors
Town of Lebanon
Lebanon, New Hampshire

Gentlemen:

Pursuant to engagement we have audited the accounts and records of the Town of Lebanon for the year ended January 31, 1939. Our procedure consisted of a verification of the recorded assets and liabilities and a review of the operations of the Town and its several departments, but did not constitute a detailed audit of all transactions for the year. Subject to our comments herewith, we believe the following exhibits correctly state the financial condition of the Town of Lebanon on January 31, 1939 and the results of its operations for the year ended on that date.

Assets and liabilities, as set forth in Exhibit I, were verified to our satisfaction.

The miscellaneous accounts receivable consisted of the following items:

Town of Enfield	\$10.00
A. A. Williams	42.00
Rent of K. C. Building	160.00
	<hr/>
	\$212.00

All receipts as recorded in the records of the Selectmen were found to be properly accounted for. Proper vouchers were produced in support of all recorded disbursements.

The records of the Town Treasurer of receipts and disbursements agreed with the record of the Selectmen covering deposits and checks drawn on the Town's bank account. All cancelled checks were seen and were checked to the disbursements entered in the Selectmen's record of payments. Balance of cash on hand was found to be in agreement with the records of the Treasurer and of the depository, consideration being given to outstanding items.

Proceeds from auto permits and dog licenses were reconciled with the duplicate permits and licenses in the office of the Town Clerk. All permits and licenses issued were accounted for numerically

and reconciled with total payments recorded by the Selectmen and Treasurer. An over-payment of \$8.58 in auto permits was credited back to the account of the Town Clerk.

Tax collections remitted to the Town Treasurer by the Tax Collector were verified by reconciliation with the warrant books and uncollected balances therein, consideration being given to both taxes abatements. Uncollected balances were found to agree with the amounts shown on the books of the Selectmen. Unpaid property taxes for 1938, and a representative number of unpaid poll taxes are in process of further verification by direct correspondence with the individual debtors.

We satisfied ourselves that all income from trust funds that should have been received had been received. All disbursements from trust funds were supported by proper vouchers and receipts. Trust fund balances on deposit in savings banks were verified by correspondence or directly with the depositories.

The cemetery and library accounts were found to be properly kept. Disbursements were supported by proper vouchers and cash balances were reconciled with statements from the depository.

We did not audit the records of the municipal court as the court is not under the authority of the Town. The books, however, were open for our inspection and the balance due the Town was recorded as stated in our balance sheet.

We checked bonds paid and retired and coupons paid and redeemed as shown in our Exhibit X.

Surety bonds on employees of the Town were examined and found to be as follows:

Insured	Position	Amount of	
		Amount	Funds Handled
Frank Y. Cowen	Treasurer	\$15,000.00	\$500,000.00
Milo L. Knight	Tax Collector	10,000.00	280,000.00
Joseph C. Smith	Town Clerk	5,000.00	11,000.00

In view of some apparently conflicting forms it was suggested to your Selectmen that an analysis be made of all insurance policies on Town

property for the purpose of eliminating any chance of coinsurance or improper coverage in the event of a fire loss.

In accordance with approved accounting procedure for municipalities only assets available for the payment of debt are presented in the **Balance Sheets** of the Town (Exhibits I and II). The **Net Debt**, being the difference between the total obligations (temporary loans, other current liabilities and bonded indebtedness), on one hand, and the total assets available for the payment of debt, on the other, therefore, reflects the changes in the Town's financial condition. The Net Debt of the Town, as set forth in Exhibit II, increased \$4,622.21 during the year under review, and this increase is reflected in the **Excess of Disbursements over Revenues** Exhibit III).

Respectfully submitted,

Peisch, Angell & Company.

The Library is indebted to several individuals for gifts of current books and also to the Lebanon Woman's Club for the proceeds of a benefit bridge party for the purchase of additional books.

As the circulation of the library has increased during the year by about 3,000 and the number of borrowers is increasing every week an increase in book money is much needed.

Respectfully submitted,
S. Blanche Young,
Librarian.

HEALTH OFFICER'S REPORT

The year just past has been an unusual one for this department, for besides the regular reportable diseases, we had High Water, which flooded the living quarters of many tenements, all of which had to be inspected and directions given for cleaning and making them livable again. This required a lot of time, then the outlet of a Sewer, near the Hanover Street Bridge, was a source of a lot of discussion, but was finally satisfactorily adjusted. There were numerous complaints of nuisances, dumps and other infractions of the Health Regulations, in different parts of the Town. I have investigated each and every complaint and have endeavored to remove the cause as far as possible.

The Junk Yards and Auto Grave-yards, have come in for their share of complaints, it is no doubt true that old Rubber Tires and oil soaked Automobiles, are breeders of Mosquitos and Flies, as well as being unsightly and a Fire Hazard, but as yet there does not appear any way of condemning them, at least it has not been done.

The following cases have been reported by Doctors and Nurses. 6 cases of Scarlet Fever, 8 of Whooping-cough, 25 of Mumps, 27 of Chicken Pox, 4 of Tuberculosis, 2 of Undulant Fever, 11 of Gonorrhea and 13 of Syphilis. During the first part of the year we had an epidemic of Measles, there being 125 cases reported.

The following is the report of health work which has been done in our community, by the division of Public Health Nursing. Number of Infant Health Clinics held 3. Children attending 38. Found defects 12, Diphtheria Immunization Clinics held 2. Children receiving treatment 61, Aged 6 months to one year 7, Pre-School age 49, School 5. Infant Health Clinics were held once a month at the Community Building. Examinations given by local Physicians. Signed by Elizabeth H. Carriel, Staff Nurse, Public Health Nursing.

At this time I wish to thank all who have in any way assisted me in my duties and especially, the School Nurse, Miss Campbell, Doctors and the Selectmen.

Respectfully submitted,

Geo. U. L. Leavitt, Health Officer.

MARY HITCHCOCK MEMORIAL HOSPITAL Hanover, New Hampshire

February 2, 1939

Mr. Joseph B. Perley, Chairman,
Board of Selectmen,
Lebanon, N. Hampshire.

My dear Mr. Perley:

During the year January 1, 1938 through December 31, 1938 the Lebanon Free Bed Fund in the Mary Hitchcock Memorial Hospital, Hanover, New Hampshire has rendered 838 days' service to 67 residents of the Town of Lebanon, New Hampshire.

The portion of free bed funds allotted by the Trustees of the Town of Lebanon was \$1,800.00. During the calendar year 1938 we received a check in the amount of \$1,693.53 which eradicated the overuse of December 31, 1937, credit for which is shown on the summary sheet, together with the charge item.

The charges at the minimum hospital rates for service rendered to the patients during the period amounted to \$3,361.71.

Yours very truly,

Donald S. Smith.

Mr. Harry Manson, Secretary
Town Budget Committee
Lebanon, N. H.

Dear Harry:

I have just completed making a summary of the amount of money paid Lebanon men from W.P.A. funds on White Pine Blister Rust Control during the period Jan. 1, 1938 to and including Dec. 31, 1938.

The total is \$6,580.42 which I am sure that you and the members of the Budget Committee will agree is a very large amount. While only part of this amount was expended in Lebanon, the total was paid to men whose home is in the town of Lebanon.

The reason for this, is that I have been able to use

a number of Lebanon men in other towns on the crews and in the mapping program.

I trust that you will call this to the attention of the committee when you get together.

A copy of this letter is being sent to Mr. J. B. Perley and Mr. A. J. Plamondon for their information.

I would again call your attention to the fact that the \$6,580.42 was all paid in wages and that this does not include the town or state funds which is another item of \$374.80.

Trusting that if there are any questions you will advise me so that I may present further detail facts, I am,

Sincerely,

Geo. F. Richardson, Jr.,

Chief Scientific Aid
Plant Disease Control

REPORT OF MILK INSPECTOR

The work of milk inspection has been carried on about as usual as far as general routine is concerned.

We are being supplied more Pasteurized milk each year which in my opinion is safer than the raw milk, especially where the cattle supplying the raw milk have not been Bang Tested.

One license was revoked due to the producer not cooperating with the regulations required by the Town of Lebanon.

We have had some trouble with a few of the Pasteurizing Plants which has all straightened out to our satisfaction. I have done more work than ever before on the udders in connection with Mastitis and at this time, quite a number of animals showing this trouble—both physically and on the Broin Test—have been removed from the herds. This has benefited the producer as well as the consumer in that it removed the danger of infection to both.

WALTER B. MOWERS,

Milk Inspector.

REPORT OF OVERSEER OF POOR

From January 1, 1938 to December 31, 1938 orders were made through your Local Relief Office for Town Direct Relief and Town Boarding Adults to the amount of \$22,331.14. This does not include \$726.00 paid through the Selectmen's Office for Town Boarding Children.

During the year wholesale lots of clothing to the amount of \$65.30 have been bought. When given out to clients transfers against the original cost are made and the items become regular Town or County charges.

The expense of Administration, including the Overseer's salary was \$2,673.53.

From January 1 to April 30 the State refunded 20% and for May 15%, to the amount of \$2,293.11, on all Direct Relief, Boarding Adults, Boarding Children, and a part of Administrative costs.

County orders from January 1, 1938 to December 31, 1938 for County Direct Relief and miscellaneous expenses on County Boarding Adults were made for \$40,416.87. Bills for board and care of County Boarding Adults and Boarding Children are paid through the office of the County Commissioners.

On June 1 a law became effective, turning all cases that had received Town aid five consecutive years, over to the County. To December 31, thirty-one cases, one hundred and eighteen persons have been transferred.

During the calendar year of 1938, through this office, was handled a monthly average of 246 Town persons and 518 County persons, or a total of 764 persons.

REPORT OF RECREATION DEVELOPMENT COMMITTEE, 1938-39

At the last town meeting a committee was elected for the purpose of providing increased facilities for recreation in Lebanon. Evidently the main thought at the town meeting was to make provision for Winter Sports in line with developments in nearby towns, especially for skiing, with a view to attracting visitors to Lebanon as well as meeting the needs of our own people. A sum of \$3500 was voted to be put at the disposal of the Recreation Committee.

Elected to this committee were Joseph B. Perley, chairman, Forrest B. Cole, Henry H. Rogers, Roy E. Lewis, Stuart B. Emerson, S. Lane Dwinell, Maynard G. Langlois, Erling Heistead and W. E. D. Ward, secretary. The committee met twelve times during the year and some individual members in various ways gave lots of time to special projects assigned to them. The "Great Storm" of last September upset the working of carefully laid plans and delayed much of the construction so that it was impossible to get everything ready by the time of the opening of the winter season. Another heavy blow to the layout was the destruction of the old Ski Jump. It became a very necessary part of the scheme to replace the Jump and the opportunity was taken to rebuild it at the Ski center near the Tow. In the provision of \$3500 no allowance had been made for a ski jump, which cost \$1000 and in trying to absorb that rather heavy extra expense other parts of the scheme, especially skating, had to suffer.

Early in September a W. P. A. Project was set up and that was extended later, finally ending in the latter part of December. A new W. P. A. Project was set up beginning February 6th that is expected to complete the scheme. A large number of men formerly on relief rolls have been kept at work during these months, making a large saving to the town. An estimate of \$500 to \$600 a week at times during these months is reported covering the payroll of the W. P. A., making a total of \$7000 to \$8000 to the

end of December provided by the W. P. A. in wages on this project.

A study of the finances of this scheme indicates that to the end of January a total of \$3113.46 had been spent in cash by the town. Outstanding bills at that date will account for the balance of the appropriation of \$3500 voted for the year ending January 31st, 1939. Up to March 1st the fees charged for use of the ski tow have reached the total of \$160. It is estimated that a provision of another \$1000 in next year's budget will cover the immediate requirements that will complete what is under way with the help of the W. P. A. Project. There will be little money left if any to carry the Recreation Scheme further this coming year. There is of course room for much greater development when funds available permit. In fact until further improvements are made the income cannot be expected to increase.

The main items that have been accomplished to date are the clearing of the ground on Storrs Hill, the erection of a 900-foot Ski Tow (estimated cost to the town \$700), building of a cozy Lodge (estimated \$500), construction of a 40-meter Jump (estimated \$1000), with considerable electrical work (estimated \$900) that will provide power and flood-lighting for skiing after dark. This last feature should give Lebanon Ski Center a great advantage over many other such centers nearby. The foundation of a first class Winter Sports Center has been laid. It remains to give it the polish that will enable it to meet the competition of other centers that have been established a much longer time.

In the operation of the Ski Center it has been arranged to give free use of the Ski Tow to school children on Monday and Wednesday afternoons and on Saturdays till noon with free instruction to them Saturday mornings. Adults have been charged \$5 for a season's ticket or 50c for ten rides on the Ski Tow. Children have been charged half these rates except on free periods. Clem Curtis, an expert ski jumper of wide experience, performing for some years at Boston and New York exhibitions, one of our own boys, has been in charge at the Center during the season. Considerable publicity has been given

to the facilities in Lebanon for winter sports, especially in the Winter Sports Map for 1938-39 issued by the New Hampshire State Planning and Development Commission, in the issues of the Dartmouth-Lake Sunapee Region Association and in two of the New York papers.

To anyone who has observed closely what happy use has been made of the Ski Center at Storrs Hill by the throngs of children from our town of Lebanon during the few weeks this winter when weather conditions permitted its use, there is no question of the value of this new development in Winter Recreation. It is the conviction of the committee that it is worth every cent the town put into it. With proper maintenance each year this Winter Sports Center at Storrs Hill will be a source of health and enjoyment for a generation to come.

Respectfully submitted on behalf of the Recreation Development Committee,

Joseph B. Perley, Chairman
W. E. D. Ward, Secretary
